

Proposed upcoming work program – Narrabri Area (PEL 238)

Environmental Impact Statement (EIS):

- The Narrabri Gas Project EIS, response to submissions (RTS) and supplementary RTS have been submitted to the Department of Planning and Environment (DPE).
- Assessment of the project is continuing through the State Significant Development planning framework.
- The EIS, RTS and supplementary RTS documents are available on the DPE Major Projects website at www.planningportal.nsw.gov.au/major-projects/project/10716

Western Slopes Pipeline:

- APA Group announced in October 2018 that it has deferred submission of the EIS for the Western Slopes Pipeline until the assessment of the Narrabri Gas Project EIS has further progressed.
- Further information on the Western Slopes Pipeline is available on APA's website. www.apa.com.au/about-apa/our-projects/western-slopes-pipeline/

Drilling of exploration core holes, workovers and decommissioning of wells:

- No activities planned for December.

Pilot wells:

- Bibblewindi East, Bibblewindi West and Dewhurst South pilot wells will be offline for approximately a week in early December for scheduled maintenance activities at Wilga Park Power Station.
- Tintfield pilot is offline to reduce flaring until additional gas is required.

Leewood:

- Santos does not need to irrigate at this time and all water is stored in our state of the art water holding ponds at Leewood.

Wilga Park Power Station:

- Wilga Park Power Station will be offline for approximately a week in early December for scheduled maintenance activities.
- Wilga Park Power Station Compliance Noise Monitoring Report (August 2019) has been accepted by the Department of Planning, Industry and Environment and is available on the Narrabri Gas Project website at <https://narrabrigasproject.com.au/about/enviro>

www.narrabrigasproject.com.au/management/narrabri-coal-seam-gas-utilisation-project-approvals/

Other Activities:

- LDAR (Leak Detection and Repair) monitoring activities undertaken in early December for Environment Protection Licence compliance.
- Weed spraying to be undertaken at various sites during December.
- Groundwater monitoring activities for Environmental Protection Licence compliance are ongoing.

Community:

- The next meeting of the Narrabri Gas Project Community Consultative Committee will be held on Tuesday 10 December 2019. Communiques and presentations from previous CCC meetings are available from www.narrabrigasproject.com.au/community/consultative-committee/
- Community Site Visits are regularly scheduled to visit operational areas of the Narrabri Gas Project. To register for a site tour, contact 6792 9035 or email Energy.NSW@santos.com
- Santos has proudly sponsored the following event:
 - Rotary Road Safety Youth Driver Awareness workshop.

Other:

- November 2019 marks the 50-year anniversary of Santos safely and sustainably delivering natural gas from its foundation asset, the Moomba processing plant in South Australia's remote Cooper Basin. On 10 November 1969 the first molecules of gas arrived in Adelaide via the 800km pipeline from Moomba. More information <https://www.santos.com/media-centre/announcements/celebrating-50-years-of-natural-gas-from-moomba/>
-  Best wishes for a Merry Christmas and a safe and happy festive season from the Santos Narrabri Gas Project team.
