

COMMUNIQUE 6

Narrabri Gas Project Community Consultative Committee (CCC)

Summary of 9 June 2015 meeting

- CCC #7 action items
- Santos Operations Update
- REF Update
- Drilling and Well Integrity Presentation

About the CCC

The Narrabri Gas Project Community Consultative Committee (CCC) brings together community, industry, local and state governments to explore and discuss issues relating to the exploration and extraction of CSG in the Gunnedah Basin.

Chaired by the NSW Land and Water Commissioner, members of the dialogue include Narrabri Shire Councillors and officers, independent community members, senior Santos representatives and senior agency officers from the Office of Coal Seam Gas (OCSG), the Division of Resources and Energy (DRE), the NSW Environment Protection Authority (EPA), the NSW Office of Water (NOW) and the Department of Planning and Environment (DP&E).

Action items from NGP CCC #7

Item 1	<i>DRE to forward link to Leewood Produced Water Treatment and Beneficial Reuse Project - Phase 2 assessment</i>
Item 2	<i>EPA to formally present detail of their responsibilities</i>
Item 3	<i>Santos to provide an electronic copy of the Drilling and Well Integrity presentation</i>
Item 4	<i>Santos to provide link to ISO (International Organization for Standardization) Well Integrity document</i>
Item 5	<i>NSW Office of Water to present Groundwater Monitoring in the Gunnedah Coal Basin</i>
Item 6	<i>People for the Plains document request: Exploration Report 'Confidential file'</i>
Item 7	<i>Santos to distribute the Santos Bushfire Management Plan to NGP CCC members</i>

Santos provided their monthly operations update. Santos reiterated that the Santos Bushfire Management Plan will be available at NGP CCC #8.

Statements were made by CCC members regarding questions asked of the NGP CCC and the purpose of the NGP CCC.

Also discussed was the submission process regarding the REF assessment process. It was noted that there is no mandatory timeframe to have an assessment completed, and that there is one government agency that makes the determination; DRE.

The Santos ENSW Manager Drilling and Completions presented on Drilling and Well Integrity. The presentation was well-received by committee members and generated insightful discussion. A copy of the presentation will be made available to all NGP CCC members.

Please see the links below for the ISO and NorsokD010 documents on well integrity referenced within the CCC meeting:

- http://www.iso.org/iso/catalogue_detail.htm?csnumber=57056
- <https://www.standard.no/en/sectors/energi-og-klima/petroleum/norsok-standard-categories/d-drilling/d-0104/>

These documents fall under the relevant best practices guidelines.

Due to the interest in the Drilling and Well Integrity presentation, the NSW Office of Water Groundwater Monitoring in the Gunnedah Coal Basin presentation will now occur in NGP CCC #8.

Please see the following table for each nominated community/industry group delegate contact details.

Name	Organisation	Contact details
Matt Norrie	NSW Farmers	matthewnorrie@bigpond.com
Phillip Kirkby	Local Land Services	phillipkirkby@bigpond.com
