Subject: Narrabri Gas – Biodiversity Management Plan and Biodiversity Offset Strategy

Dear [REDACTED]

I refer to your submission dated requesting review and approval of the Biodiversity Management Plan and Biodiversity Offset Strategy in accordance with the Development Consent for Narrabri Gas (SSD-6456).

I note the Biodiversity Management Plan and Biodiversity Offset Strategy did not require consultation following revision due to the minor nature of the revision, was revised to reflect the relocation of Dewhurst 34; and contains the information required by the conditions of approval.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions in the Development Consent.

Accordingly, as nominee of the Planning Secretary, I approve the Biodiversity Management Plan (Revision 0C, dated 29 May 2024) and the Biodiversity Offset Strategy (Revision 0C, dated 20 May 2024). All other Biodiversity Management Plan appendices and attachments remain as previously approved.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact wayne Jones on (02) 6575 3046.

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments
As nominee of the Planning Secretary
