Subject: Narrabri Gas – Pollution Incident Response Management Plan and Dam Safety Emergency Plan

Dear [REDACTED]

I refer to your submission requesting review and approval of the revised Pollution Incident Response Management Plan and Dam Safety Emergency Plan as required by Schedule 2 Condition B41 (d) (x) of the Development Consent for Narrabri Gas (SSD-6456).

The Department understands:

- The revision to the Pollution Incident Response Management Plan (PIRMP) was undertaken following the testing of the PIRMP in May 2024.
- The revision to the Dam Safety Emergency Plan (DSEP) follows a request from Dam Safety NSW received on 26 March 2024 to include a Dam Summary Information Sheet at the front of the DSEP by the next annual review.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions in the Development Consent.

Accordingly, as nominee of the Planning Secretary, I approve the Pollution Incident Response Management Plan (Rev 0C, dated 20 February 2025) and Dam Safety Emergency Plan (Version 0, dated 1 March 2025).

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Wayne Jones on (02) 6575 3406.

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments
As nominee of the Planning Secretary
